## Lucy/ MyChart Central

Link other MyChart accounts you have with other organizations so you can access and manage your health by logging into one website, MyChart Central

### Lucy and MyChartCentral

Lucy and MyChartCentral can help you collect and permanently store your health information from places where you are seen for care, including the information you see here in myHealth Online. No need to log into multiple web sites, just Lucy and MyChartCentral. They're free, ad-free, and will never sell your data.

From here you can jump to your health record at any linked organization. To add a new organization to your list, go to MyChartCentral.

Clicking the button below will log you out of your health record here and take you to Lucy and MyChartCentral.

# Share Everywhere

Share Everywhere is a way for you to share your medical information with the people who are taking care of you. Using myHealth Online you can generate a share code and provide it to the person with whom you want to share your health data. Examples could be a non-SCVHHS doctor, chiropractor, physical therapist, dentist, or a school nurse. The share code recipient enters that code and your date of birth on the Share Everywhere website to receive one-time, temporary access to your health information. The person who views your information can also write a note back to your health system to help keep your care team informed of the care they provided.

1. Go to the **Share Everywhere** activity.
2. On the MyHealth Online website, it's accessible under the **My Records > Share My Record**
3. On the mobile app, it's on the home screen
4. Enter the name of the person who will be viewing your record and request the share code.
5. The person receiving the records needs to go to [www.shareeverywhere.com](http://www.shareeverywhere.com) and enter the code along with your date of birth.

A paragraph states: 'Grant one-time, limited access to the health information you can see in myHealth Online, including: Medications, Allergies, Health Issues, Immunizations. The person accessing your record will also be able to write a clinical note to your care team.' Below this is a form with the label 'Who's accessing your record?' and a text input field for 'Name'. At the bottom is a button labeled 'REQUEST SHARE CODE' circled in purple.

# Visits

## View Your Past or Upcoming Appointments

You can see your past or future appointments by going to **Visits > Appointments and Visits**.

myHealth Online toolbar

In the Mobile App

1. Click an appointment to see:

- The date, time, and location of the visit
- Any pre-visit instructions from the clinic
- Directions to your clinic

2. If an upcoming appointment is eligible for eCheck-in, you can complete tasks such as the following before you arrive at the clinic:

- Sign registration documents
- Verify or update medications, allergies, and current health issues
- Answer appointment-related questionnaires
- Verify or update insurance and demographics information

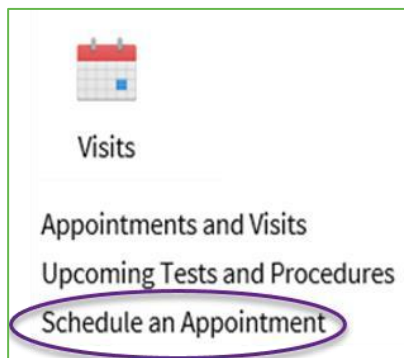

## View Upcoming Tests and Procedures

You can see tests and procedures which you need to complete (online only).

# Request or Schedule an Appointment

myHealth Online toolbar

In the Mobile App

To request or schedule an appointment, go to **Visits > Schedule an Appointment**.

You can only direct Schedule or Request Appointments with providers you have seen in the past 12 months.  
Note: Specialty care appointments are always sent as Appointment Requests.

If you want to schedule a visit that is not a follow-up on an existing issue or a well child check, use the link to [“Send an appointment request message instead”](#).

## Appointment Request Messaging

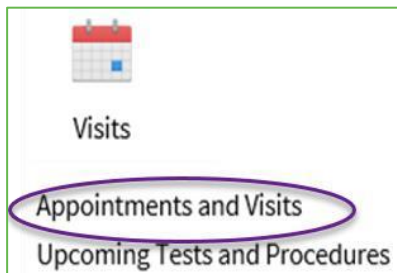

Once you complete the form you can select the “Send Request” button or click the envelope image to send.

A screenshot of the Appointment Request form. At the top, there are three sections: 'Providers' with a checkmark and 'Edit' link, 'Reason for visit' with a checkmark and 'Edit' link, and 'Locations' with a checkmark and 'Edit' link. The 'Request' button, represented by an envelope icon, is circled in red. Below these sections is a heading 'Confirm the request details you are about to send:'. The form is divided into two columns. The left column shows 'Routine Office Visit with MD' and 'Valley Health Center'. The right column has fields for 'Preferred dates', 'Preferred times' (with 'All available times' and 'Filter times' buttons), and 'Comments'. At the bottom right is a large black button labeled 'SEND REQUEST'.

## Cancel or Reschedule an Appointment

Depending on the date and time of your upcoming appointment, you may be able to cancel it through myHealth Online. Follow-up appointments in Internal Medicine, Family Medicine, and general Pediatrics can be rescheduled online rather than cancelling if you still need the appointment, but at a different date or time.

myHealth Online toolbar

In the Mobile App

1. select the appointment from the list or click **Details**
2. Click **Cancel** and **Confirm Cancellation** or Click **Reschedule**

## Joining a Video Visit

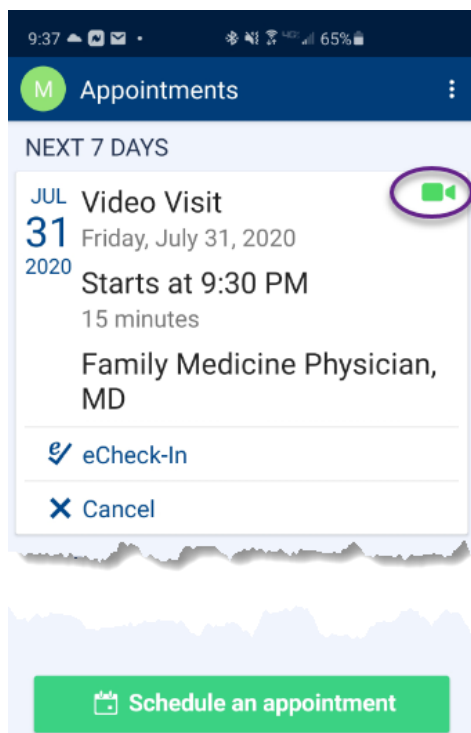

myHealth Online enables patients and providers to complete a visit by computer, tablet or smartphone. Video Visits are scheduled by the provider or clinic staff.

You must be enrolled in myHealth Online to join a video visit. You will also need to download an app called "Vidyo" prior to their visit. You will only need to download this app once, and the app functions within myHealth Online seamlessly, once downloaded.

You may call 1-888-334-1000 for assistance in preparing for their Video Visit.

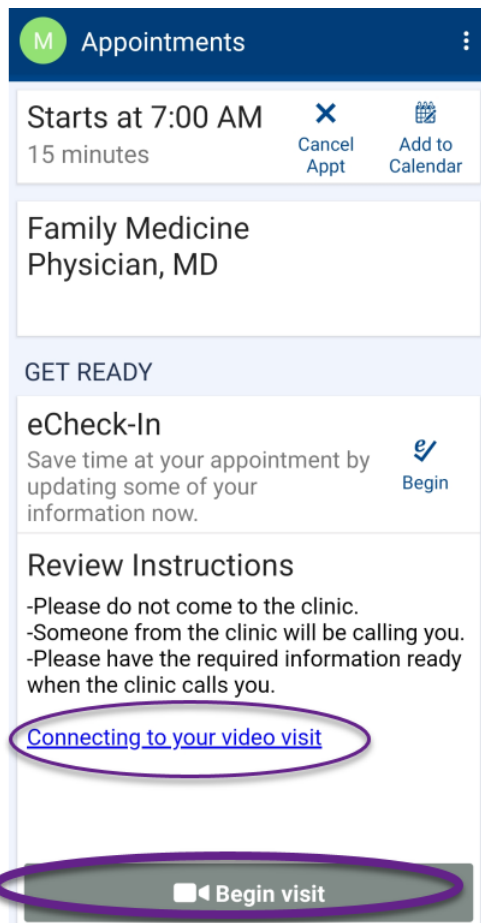

Mobile: tap **Appointments** icon>camera turns green when it's time to join

Camera turns green when it's time to join

Tap the appointment to see:

- Appointment Details
- eCheck-In
- Instructions on how to join
- The **Begin Visit Button**

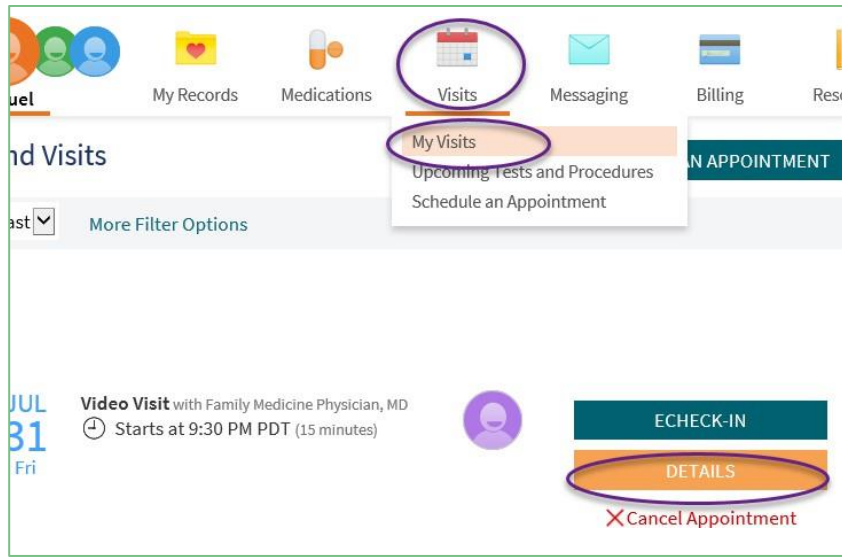

Tap the link for detailed instructions on joining a video visit

**Begin Visit** turns green when it is time to join, up to 60 minutes before the appointment time

The mobile app is the best way to join but if you need to join using your computer:

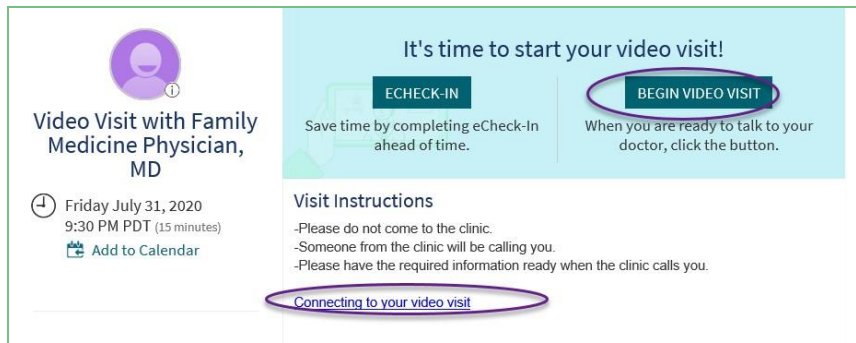

## Visits>My Visits

Appointment will display  
you can

- **eCheck-In** (confirm your information and things like allergies)

Tap **Details** to join or get instructions on joining a video visit

You click to **Begin Video Visit** up to an hour before the visit

Tap the link for detailed instructions on joining a video visit

# Messaging

## View Messages from your Clinic

You can read any messages sent by your doctor or other clinic staff by going to your Inbox:

myHealth Online toolbar

In the Mobile App

(**Messaging > Message Center**). You can also view messages you have sent from your myHealth Online account.

**Message My Care Team**

Please select the option that most closely matches your question.

<b>New Medical Question</b> You have a simple medical question that doesn't require an immediate response.	<b>Request a Medication Refill</b> You would like to request a refill or renewal of a current medication.
<b>Ask a Billing Question</b> You have a question related to a bill, your insurance, or financial assistance.	

## Send a Message to Your Care Team

If you have a non-urgent medical question, you can send a secure message to your doctor's staff.

You might use the Message My Care Team feature if you're not sure whether you should come in for an appointment, if you need clarification on the dosage of one of your medications or something that was discussed in a recent visit.

1. Go to **Messaging > Ask a Question**.
2. Click **New Medical Question**.
3. Select a recipient from the list. This list might include your primary care provider or another doctor with whom you've recently had an office visit.
4. Enter a subject for your message and then enter your question in the field below.
5. When you are finished, click **Send**.

Someone at your clinic should respond to you within 3 business days. If you've opted to receive email notification for new messages in your myHealth Online account, you'll receive a message letting you know that the clinic has responded to your request.

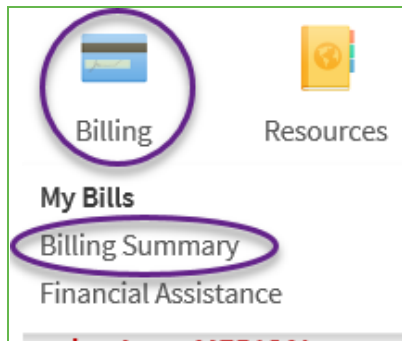

# Billing and Insurance

## View your Outstanding Balance

To see the outstanding account balance for any of your accounts, go to **Billing > Billing Summary**.

To view additional information about an account, including past statements, click the **View account details** link.

myHealth Online toolbar

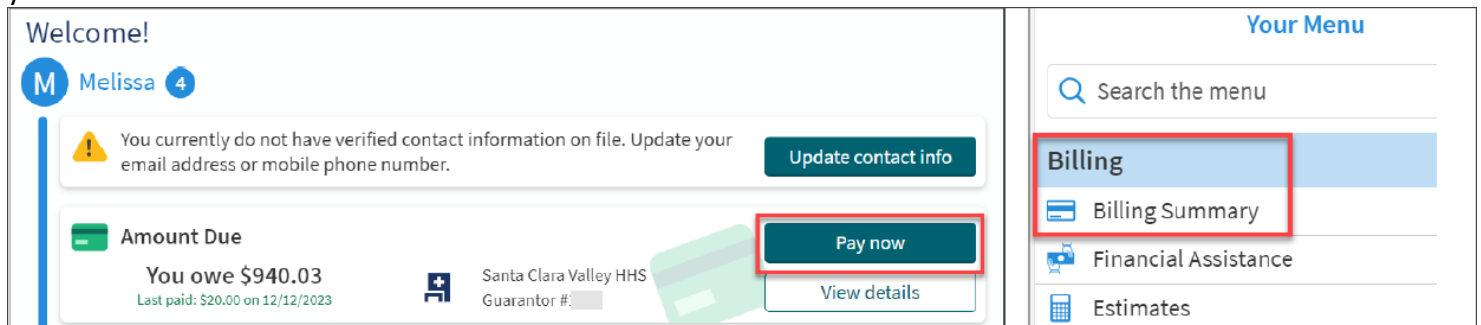

In the Mobile App

## Pay your Outstanding Balance

To pay an outstanding balance on your account, click "**Pay now**" on the welcome page or Billing Summary in your menu.

## Review and Update your Insurance Information

To review the insurance information your clinic has on file, go to **Billing > Insurance Summary**. If you do not make any changes, the front desk staff at your clinic can take the information and update your records. Set

# Profile Settings

## Update your Personal Information

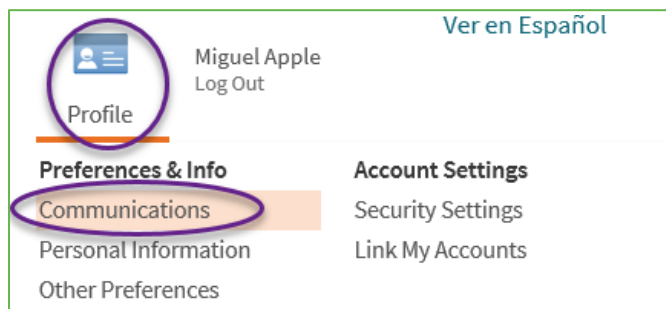

You can update your address, phone number, email address, and other personal details at any time so that your clinic always has the most up-to-date information in your record.

1. Go to **Profile > Personal Information**
2. Click **Edit** in the section for the information you need to update
3. Confirm that your updated information is correct, and then click **Save Changes**

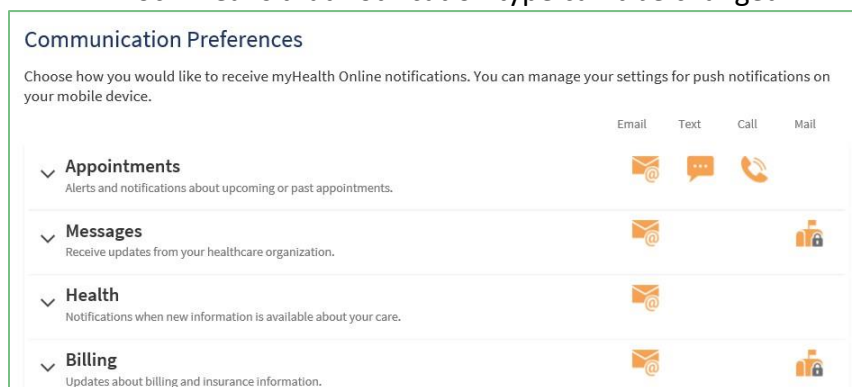

# Customize Notification or Communication Preferences

You can pick the types of notifications you would like to receive in using myHealth Online, including new messages, test results, billing statements and letters, prescriptions, appointment updates, and more.

## 1. Go to **Profile > Communications**

2. Select notification options for a group of notifications (for example, Appointments or Messages) or expand a notification group to select options for individual notifications you want to receive
3. Be sure your email address and mobile phone number is current to receive the notifications you select
  - A lock means that notification type can't be changed

# Change Password

To ensure that your medical information stays protected, consider changing your myHealth Online password periodically.

Here, you can also update the security question and answer that are used when you forget your myHealth Online username or password.

# Access to Family Records

If you have **proxy access** to your family members' medical records, you have access to many of the tools and information using the mobile app or myHealth Online.

Proxy access can help you more easily care for your loved ones including an adult child caring for an elderly parent, a spouse, a family member caring for someone who does not speak English or a caretaker. With that person's permission, you are able to message the care team, view and request medication refills, view upcoming visits and after visit summaries

Proxy access may be granted to parents of minor children or authorized patient representatives, even non-SCVMC patients for:

- Minors 0 – 11 years old: Full Access:
- Minors 12 – 17 years old: Limited Access

Foster parents may be granted proxy access for a limited time once Custody documents have been received. Contact your provider or the helpdesk for additional details.

Proxy access may also be granted for adults accessing another adult's record or a caretaker for a person with diminished capacity (12+).

Consent forms are required for adult proxy access.

Provider attestation and proxy form is required for diminished capacity

## Access a Family Members Record (Proxy Access)

After you've been established as a proxy representative, you can view a family member's records by clicking the name for that family member in myHealth Online.

myHealth Online toolbar

In the Mobile App

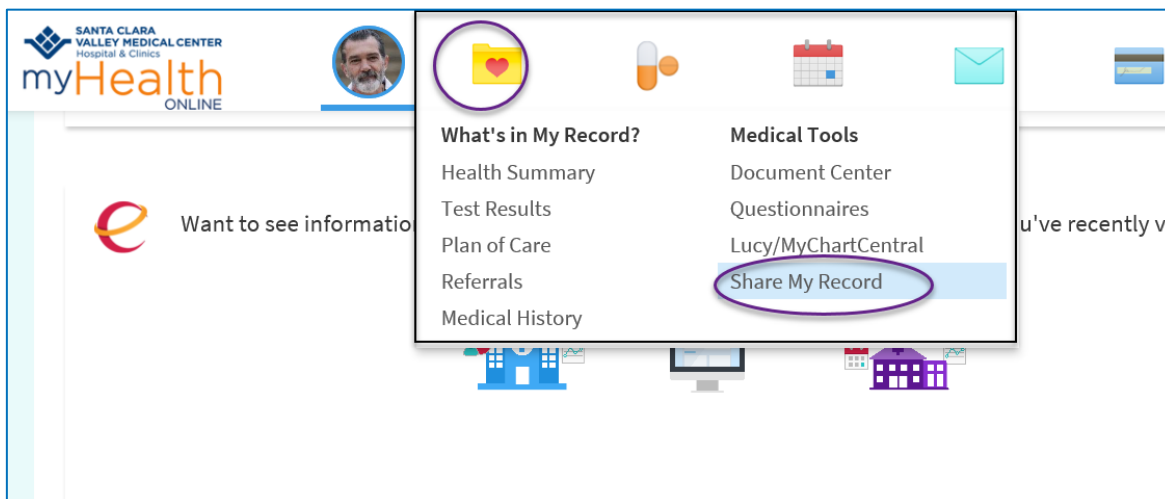

After you read the proxy access disclaimer, click **Accept** to continue to your family member's chart.

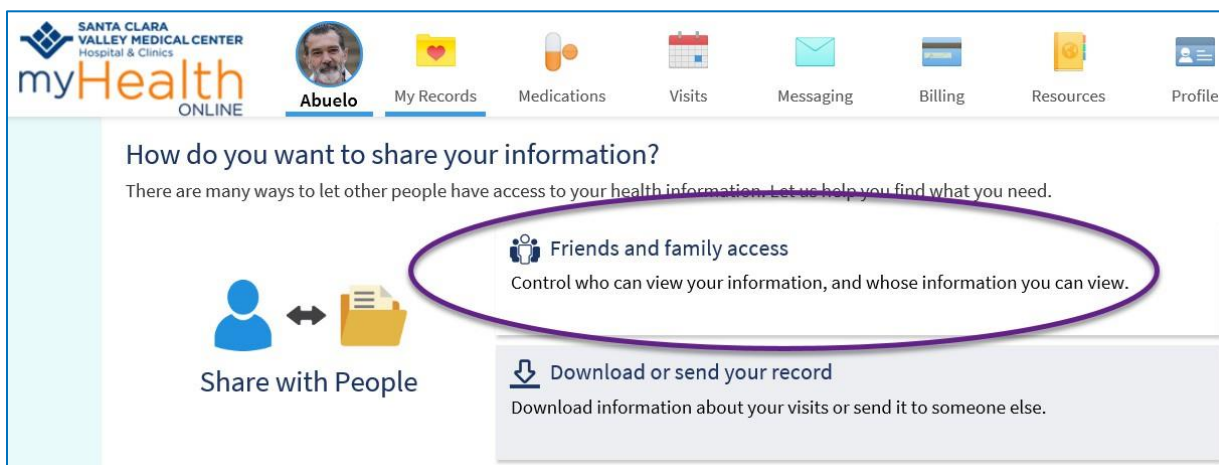

## Remove a Family Members Access (Revoke Proxy)

Adults who have given another person access to their medical record, can remove that access (revoke proxy). If you remove proxy access you will need to go through the steps again to set up Proxy Access steps again to provide access.

1. Select the **My Record** icon then select **Share My Record**

## 2. Select **Friends and family access**

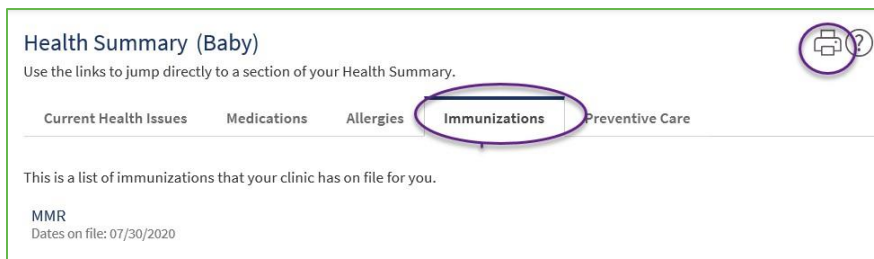

## 3. Finally, click **Revoke** next to the name of the person that should no longer have access

## View and print your child's immunization record

When you are in your child's record in myHealth Online, go to **Health > Immunizations**. You can see the immunizations your child has received and the dates on which she received them. Click the immunization name to learn more.

To open a printer-friendly summary of your child's immunizations, click  .
